

CourtCraft Basketball Training Plans

Practice plans exported from the local app data, including age-group S&C integration.

Independent elite player development resource. Not official NBA content.

Age Groups

U8 - Ages 7-8

Recommended duration: 30-60 min

Focus: fun, coordination, basic movement, basic ball control, layup foundations

Load note: 120 minutes is a camp format only. Use breaks, games, coordination blocks, and low-pressure teaching.

U11 - Ages 9-11

Recommended duration: 45-75 min

Focus: ball control, footwork, passing, finishing, form shooting, basic 1v1

Load note: 120 minutes should be treated as camp/intensive work with healthy rest and game-based learning.

U14 - Ages 12-14

Recommended duration: 60-90 min

Focus: decision-making, finishing through constraints, shooting off movement, team spacing, defensive habits

Load note: 120 minutes is allowed only with planned breaks, teaching segments, and controlled high-intensity volume.

U16 - Ages 15-16

Recommended duration: 75-105 min

Focus: advanced footwork, advantage reads, shooting off movement, finishing through pressure, defensive rotations, transition habits

Load note: 120 minutes is an intensive format for U16 unless the group is already conditioned for elite workload.

High School / Elite - Grades 9-12 / ages 15-18

Recommended duration: 90-120 min

Focus: advanced reads, pressure decisions, shooting volume, advantage creation, defensive rotations, conditioning

Preset Practice Plans

U8 recommended 60-minute plan (U8, 60 min)

Build joy, coordination, ball comfort, simple passing, and controlled finishes through short playful blocks.

Load note: Keep this playful. Avoid long lines, fatigue-based punishment, and high-volume jumping.

Timeline:

- 8 min - Movement prep: mirror, skip, and balance: U8 Mirror Tag Coordination; U8 Skip And Stick
Cue: Start with play, balance, and clean stops before the ball work becomes faster.
- 12 min - Basketball skill block: dribble control games: Red Light Green Light Dribble; Cone Island Ball Control
Cue: Keep eyes up, protect the ball, and stop under control.
- 10 min - Shooting and finishing: close form to rim: Form Shooting Close Finish; Mikan Intro Without Speed
Cue: Use close targets, soft hands, and no speed pressure.
- 12 min - Decision game: numbers layups: Numbers Layup Game; Treasure Chest Dribbling Game
Cue: Make the game fun while rewarding control, spacing, and quick listening.
- 8 min - Teaching block: pass, follow, and freeze: Pass And Follow; Defensive Stance Freeze Tag
Cue: Connect pass-and-move habits to simple stance language.
- 10 min - Cooldown review: balance islands: U8 Balance Stop Islands
Cue: Finish calm, review the best cue, and keep every player successful.

U8 camp / intensive 120-minute format (U8, 120 min)

Use a camp rhythm of short games, coordination blocks, ball control, snack-level resets, and low-pressure teaching.

Warning: Camp / intensive format - not the default weekly practice structure. Use breaks, games, coordination stations, and teaching pauses.

Load note: No intense conditioning, heavy strength, or advanced plyometrics for U8.

Timeline:

- 10 min - Playful movement prep: U8 Mirror Tag Coordination; U8 Color Cone Reaction
Cue: Prime reaction and balance without racing.
- 15 min - Ball-control games: Red Light Green Light Dribble; Cone Island Ball Control
Cue: Short bursts, frequent resets, and praise for controlled stops.
- 5 min - Water and attention reset: Water, reset, teaching check, and role rotation.
Cue: Hydrate, reset teams, and preview the next playful challenge.
- 12 min - Close shooting and layup foundations: Form Shooting Close Finish; Mikan Intro Without Speed
Cue: Keep makes close and teach soft finishes before speed.
- 15 min - Treasure and numbers games: Treasure Chest Dribbling Game; Numbers Layup Game
Cue: Use scoring and teams to keep energy high without fatigue pressure.
- 8 min - Short teaching: passing and spacing: Pass And Follow
Cue: Teach pass, follow, and find a new space with simple language.
- 12 min - Coordination station circuit: U8 Bear Crawl Reach Relay; U8 Low Landing Hoop Hop
Cue: Use crawling, tiny hops, and balance holds, not conditioning.
- 5 min - Water and role reset: Water, reset, teaching check, and role rotation.
Cue: Hydrate, rotate partners, and lower the emotional temperature.
- 15 min - Simple team play: pass and small-sided game: Pass And Follow; Small-Sided Games King Of The Court
Cue: Keep the court small, contacts light, and rotations fast.
- 10 min - Reaction game finisher: U8 Color Cone Reaction; Defensive Stance Freeze Tag
Cue: End with laughing, listening, and balanced freezes.
- 13 min - Cooldown and review: U8 Balance Stop Islands
Cue: Walk, breathe, ask players to name one cue, and finish with calm makes.

U11 recommended 75-minute plan (U11, 75 min)

Blend ball control, passing windows, form shooting, finishing footwork, basic 1v1 reads, and body control.

Load note: Use short competitive blocks. Teach stopping and body control before high-speed cutting.

Timeline:

10 min - Movement prep: stop, land, react: U11 Stop-Land-Balance; U11 Partner Reaction Mirror

Cue: Teach stopping and balance before faster cutting.

15 min - Skill block: handle and pass: Zig-Zag Change of Direction; Partner Passing Windows

Cue: Pair ball control with receiver readiness and simple pressure.

12 min - Shooting block: square and step: Catch-Square-Shoot; 1-2 Step Form Shooting

Cue: Build feet-before-hands rhythm and clean shot preparation.

10 min - Finishing block: weak-hand ladder: Weak-Hand Layup Ladder

Cue: Keep pace controlled so footwork and hand use stay clean.

12 min - Decision block: 2v1 advantage: 2v1 Advantage Read

Cue: Teach pass-or-finish decisions from a clear advantage.

8 min - Speed and agility: first step gates: U11 First Step Races; U11 Accel-Decel Gates

Cue: Use short accelerations with complete walk-back recovery.

8 min - Cooldown: rebound and review: Rebound Hit-Find-Get

Cue: Lower intensity and close with one defensive possession habit.

U11 camp / intensive 120-minute format (U11, 120 min)

Extend practice through skill stations, simple competitions, coordination, basic speed mechanics, and teaching resets.

Warning: Camp / intensive format - not the default weekly practice structure. Include planned breaks and simple competitive games.

Load note: No heavy strength or excessive conditioning. Use rest when mechanics fade.

Timeline:

10 min - Movement prep and body control: U11 Stop-Land-Balance; U11 Lateral Line Shuffle

Cue: Prime deceleration, lateral stance, and balance.

16 min - Ball-control station block: Zig-Zag Change of Direction; Pound-Cross-Retreat Series

Cue: Use stations so players get many touches with minimal lines.

14 min - Passing and shooting stations: Partner Passing Windows; Catch-Square-Shoot

Cue: Connect pass quality to quick shot preparation.

5 min - Water and teaching reset: Water, reset, teaching check, and role rotation.

Cue: Hydrate, regroup, and show the next finishing footwork.

12 min - Finishing and weak-hand ladder: Weak-Hand Layup Ladder; Numbers Layup Game

Cue: Reward correct footwork before speed.

15 min - Simple competition: 2v1 and king: 2v1 Advantage Read; Small-Sided Games King Of The Court

Cue: Keep rules simple and rotate quickly.

8 min - Teaching block: shell intro language: Shell Defense Intro 3v3

Cue: Teach help, ball, and gap language slowly before live pressure.

12 min - Speed mechanics and strength game: U11 First Step Races; U11 Bodyweight Strength Game

Cue: Use low volume and score clean control, not exhaustion.

5 min - Water and role reset: Water, reset, teaching check, and role rotation.

Cue: Hydrate and reset teams for a short final concept block.

10 min - Team concept: closeout to contain: Closeout To Contain; Shell Defense Intro 3v3

Cue: Tie individual closeouts to simple team spacing.

13 min - Cooldown review: U11 Stop-Land-Balance

Cue: Walk, breathe, review the best cue, and finish with controlled makes.

U14 recommended 90-minute plan (U14, 90 min)

Develop decision-making, constrained finishing, movement shooting, spacing, defensive habits, and safe speed mechanics.

Load note: Introduce deceleration and landing mechanics carefully. Do not stack too many high-impact drills.

Timeline:

- 10 min - Structured warm-up and sprint-to-stick: U14 Sprint To Stick
Cue: Use an organized warm-up and teach brakes before hard cuts.
- 15 min - Skill block: change pace and drive kick: Change Pace Attack Cones; Drift Pass Drive And Kick
Cue: Connect pace to advantage creation and pass timing.
- 15 min - Shooting block: movement standards: 5-Spot Shooting Standards; Drift Pass Drive And Kick
Cue: Demand game-speed feet with makeable volume.
- 12 min - Finishing through constraints: Finishing Through Contact Pads
Cue: Add contact carefully and protect landing quality.
- 14 min - Decision game: closeout read: Closeout Read 1v1; 3v2 Continuous Advantage
Cue: Turn closeouts into real shoot, drive, pass, and rotate decisions.
- 12 min - Team concept: spacing and shell: Slot Cut Read; Shell Defense 4v4 No Paint Touch
Cue: Teach spacing rules and defensive no-paint habits together.
- 8 min - Speed and agility: closeout mechanics: U14 Crossover Run To Closeout; U14 Hip Turn Reaction
Cue: Train hip turns, crossover runs, and controlled closeouts.
- 4 min - Cooldown review: U14 Core Stiffness Holds
Cue: Lower intensity and reinforce the day's best transfer cue.

U14 camp / intensive 120-minute format (U14, 120 min)

Use the longer block for skill development, small-sided games, deceleration, lateral speed, and team concepts.

Warning: Camp / intensive format - not the default weekly practice structure. Use planned breaks, teaching pauses, and controlled high-intensity volume.

Load note: Separate high-intensity contact, sprint, and transition work. Reduce volume if mechanics degrade.

Timeline:

- 12 min - Structured warm-up: U14 Sprint To Stick; U14 Core Stiffness Holds
Cue: Prepare hips, trunk, and stopping mechanics before speed.
- 10 min - Lateral and multiplanar speed: U14 Crossover Run To Closeout; U14 Hip Turn Reaction
Cue: Keep volume low and each rep sharp.
- 16 min - Skill development: pace and handle: Change Pace Attack Cones; Two-Ball Pressure Handle
Cue: Add pressure only after control and pace changes are clean.
- 16 min - Shooting movement and relocation: 5-Spot Shooting Standards; Drift Pass Drive And Kick
Cue: Use game spots, spacing language, and make standards.
- 14 min - Finishing under constraints: Finishing Through Contact Pads; Weak-Hand Layup Ladder
Cue: Control contact volume and demand balanced landings.
- 5 min - Water and teaching reset: Water, reset, teaching check, and role rotation.
Cue: Hydrate, reset matchups, and preview advantage spacing.
- 16 min - Decision-making SSG: Closeout Read 1v1; 3v2 Continuous Advantage
Cue: Reward early reads and punish late spacing with a reset.
- 14 min - Team concept: shell and transition lanes: Shell Defense 4v4 No Paint Touch; Transition Fill The Lanes
Cue: Connect half-court habits to transition organization.
- 8 min - Small-sided conditioning: U14 Small-Sided Conditioning
Cue: Condition through decisions with short work windows.
- 5 min - Water reset: Water, reset, teaching check, and role rotation.
Cue: Hydrate and bring heart rate down before review.
- 4 min - Cooldown review: U14 Core Stiffness Holds
Cue: End with breathing, trunk control, and one tactical cue.

High School / Elite advanced 120-minute session (High School / Elite, 120 min)

Train advanced reads, shooting volume, advantage creation, defensive rotations, multiplanar speed, and conditioning.

Load note: High-intensity blocks are appropriate, but manage work-rest and avoid poor-quality reps under fatigue.

Timeline:

- 10 min - Movement prep and activation: Single-Leg Strength To Power; U14 Core Stiffness Holds
Cue: Prepare single-leg control, trunk stiffness, and landing quality.
- 12 min - Multiplanar speed block: Sprint-Shuffle-Backpedal Box; 360 Cone Reaction
Cue: Train sprint, shuffle, backpedal, hip turn, closeout, and recover patterns.
- 18 min - Skill volume: footwork and reads: NBA-Style Footwork Shooting Series; Ball Screen Snake Read
Cue: Keep footwork precise while adding read speed.
- 18 min - Shooting volume and relocation: Relocation Shooting Off Drive; 5-Spot Shooting Standards
Cue: Track makes, footwork quality, and relocation timing.
- 14 min - Finishing reads: Veer Finish And Euro Read; Reject Screen Attack
Cue: Read help position before selecting veer, euro, or reject finish.
- 14 min - Decision game: late clock and advantage: Late Clock 1v1/2v2 Decision Game; 4v4 Advantage Constraints
Cue: Force fast decisions under scoring pressure.
- 14 min - Team concept: weak-side and X-out: Weak-Side Shake Decision; X-Out Defensive Rotation
Cue: Tie offensive shake decisions to defensive rotation quality.
- 12 min - Conditioning finisher: Transition Conversion Defense; Repeat-Effort Conditioning Finisher
Cue: Condition with basketball actions and stop before reps become sloppy.
- 8 min - Cooldown and review: U14 Core Stiffness Holds
Cue: Review the strongest transfer cue and downshift after high-intensity work.

Drill Library Index

Use this index to quickly match a plan segment to drill detail pages in the app. Court diagrams remain in the app.

U8 drills (17)

- Red Light Green Light Dribble - 8 min, low, ball handling. Build stop-start control, eyes-up dribbling, and balance without rushing young players.
- Cone Island Ball Control - 8 min, low, ball handling. Teach young players to change direction around space while protecting the ball.
- Partner Mirror Movement - 6 min, low, movement prep. Develop balance, coordination, and defensive movement through a simple mirror game.
- Treasure Chest Dribbling Game - 10 min, medium, ball handling. Combine ball control, spatial awareness, and fun competition for young players.
- Jump Stop Balance Race - 7 min, low, movement prep. Teach controlled jump stops, pivot balance, and clean starts before players move fast.
- Form Shooting Close Finish - 8 min, low, shooting. Build close-range shooting touch with balanced feet and a soft release.
- Mikan Intro Without Speed - 8 min, low, finishing. Introduce right-left finishing footwork near the rim without turning it into a speed test.
- Pass And Follow - 8 min, low, passing. Teach pass accuracy, moving after a pass, and spacing in a simple pattern.
- Defensive Stance Freeze Tag - 8 min, medium, defense. Make defensive stance and change of direction playful while controlling workload.
- Numbers Layup Game - 10 min, medium, finishing. Connect listening, quick starts, and controlled layup finishes in a competitive game.
- Small-Sided Games King Of The Court - 12 min, medium, small sided games, decision making. Use short competitive games to transfer skills into decisions while keeping players engaged.
- U8 Mirror Tag Coordination - 6 min, low, movement prep, multiplanar speed. Build playful reaction, balance, and low-speed change of direction without turning warm-up into conditioning.
- U8 Balance Stop Islands - 6 min, low, movement prep, recovery. Teach young players to stop, stick, and reset their feet before the next basketball action.
- U8 Skip And Stick - 5 min, low, movement prep, multiplanar speed. Build rhythm, skipping coordination, and low-level landing mechanics for young players.
- U8 Bear Crawl Reach Relay - 6 min, low, movement prep, strength conditioning. Develop trunk control, shoulder stability, and coordination through a short crawling game.
- U8 Low Landing Hoop Hop - 5 min, low, movement prep, strength conditioning. Introduce landing mechanics with tiny hops, balance holds, and no plyometric volume.
- U8 Color Cone Reaction - 6 min, low, movement prep, multiplanar speed. Train simple reaction and direction changes through a color call game.

U11 drills (17)

- Zig-Zag Change of Direction - 12 min, medium, ball handling. Train controlled changes of direction with eyes up and a useful push out of each move.
- Pound-Cross-Retreat Series - 10 min, medium, ball handling. Build a pressure handle sequence that combines power, separation, and re-attack.
- Partner Passing Windows - 10 min, low, passing. Improve passing accuracy through moving targets and simple defender windows.
- Catch-Square-Shoot - 12 min, medium, shooting. Teach players to arrive balanced on the catch and shoot with repeatable footwork.
- 1-2 Step Form Shooting - 10 min, low, shooting. Build shooting footwork by linking an inside-outside 1-2 step to a stable release.
- Weak-Hand Layup Ladder - 12 min, medium, finishing. Increase weak-hand confidence through progressive finishes from controlled starts.

Closeout To Contain - 12 min, medium, defense. Teach defenders to close space under control and keep the ball in front.

2v1 Advantage Read - 12 min, medium, decision making. Teach the ball handler to score when the defender commits late and pass when help stops the ball.

Shell Defense Intro 3v3 - 14 min, medium, team concepts, defense. Introduce ball, gap, and help positioning with simple 3v3 spacing.

Rebound Hit-Find-Get - 10 min, medium, rebounding, defense. Teach the rebounding sequence of contact, location, and pursuit.

Small-Sided Games King Of The Court - 12 min, medium, small sided games, decision making. Use short competitive games to transfer skills into decisions while keeping players engaged.

U11 First Step Races - 8 min, medium, movement prep, multiplanar speed. Develop first-step mechanics and reaction without long sprint volume.

U11 Stop-Land-Balance - 7 min, low, movement prep, strength conditioning. Teach deceleration and body control before players cut at higher speed.

U11 Lateral Line Shuffle - 7 min, medium, movement prep, multiplanar speed, defense. Build lateral movement mechanics for containment without overloading young players.

U11 Bodyweight Strength Game - 9 min, medium, strength conditioning. Use bodyweight strength challenges that build control without heavy loading.

U11 Partner Reaction Mirror - 7 min, medium, movement prep, multiplanar speed, defense. Connect reaction, stance, and lateral movement in a simple partner format.

U11 Accel-Decel Gates - 8 min, medium, movement prep, multiplanar speed. Pair basic acceleration with a controlled stop so speed does not outrun body control.

U14 drills (30)

Zig-Zag Change of Direction - 12 min, medium, ball handling. Train controlled changes of direction with eyes up and a useful push out of each move.

Pound-Cross-Retreat Series - 10 min, medium, ball handling. Build a pressure handle sequence that combines power, separation, and re-attack.

Catch-Square-Shoot - 12 min, medium, shooting. Teach players to arrive balanced on the catch and shoot with repeatable footwork.

Weak-Hand Layup Ladder - 12 min, medium, finishing. Increase weak-hand confidence through progressive finishes from controlled starts.

Closeout To Contain - 12 min, medium, defense. Teach defenders to close space under control and keep the ball in front.

2v1 Advantage Read - 12 min, medium, decision making. Teach the ball handler to score when the defender commits late and pass when help stops the ball.

Rebound Hit-Find-Get - 10 min, medium, rebounding, defense. Teach the rebounding sequence of contact, location, and pursuit.

Change Pace Attack Cones - 12 min, medium, ball handling. Train slow-to-fast rhythm so players create advantages without needing extra moves.

Finishing Through Contact Pads - 12 min, high, finishing. Develop strong, legal finishes through controlled contact without sacrificing footwork.

Drift Pass Drive And Kick - 12 min, medium, passing. Teach corner drift timing and drive-and-kick passing against help.

Slot Cut Read - 10 min, medium, decision making. Teach slot players to cut, hold, or replace based on defender position.

Closeout Read 1v1 - 12 min, high, decision making. Connect offensive catch decisions to defender speed, angle, and hand position.

Pick-And-Roll Pocket Read Intro - 14 min, medium, team concepts. Introduce the pocket pass read when the screen defender steps up to stop the ball.

3v2 Continuous Advantage - 14 min, high, decision making. Develop pace, spacing, and quick decisions in repeated transition advantages.

Shell Defense 4v4 No Paint Touch - 14 min, high, team concepts, defense. Build connected help, stunt, closeout, and gap habits with a clear defensive constraint.

Spain Action Walkthrough - 14 min, low, team concepts. Introduce a pro-level ball screen action with a back screen on the roller and clear spacing.

Transition Fill The Lanes - 12 min, medium, team concepts, conditioning. Teach players to sprint wide, organize early offense, and create simple transition spacing.

Relocation Shooting Off Drive - 14 min, medium, shooting. Train shooters to move with the driver and create clean kickout windows.

4v4 Advantage Constraints - 16 min, high, team concepts. Create game-speed decisions by giving offense a temporary advantage and defense a recovery goal.

X-Out Defensive Rotation - 14 min, high, defense. Teach two defenders to cover corner and wing after a drive-and-kick scramble.

Closeout To Boxout Chain - 12 min, medium, defense. Link the closeout, contest, contact, and rebound into one defensive habit chain.

5-Spot Shooting Standards - 15 min, medium, shooting. Create measurable shooting accountability from five core perimeter locations.

Two-Ball Pressure Handle - 12 min, medium, ball handling. Challenge hand independence and posture under ball-control pressure.

Small-Sided Games King Of The Court - 12 min, medium, small sided games, decision making. Use short competitive games to transfer skills into decisions while keeping players engaged.

U14 Sprint To Stick - 8 min, medium, movement prep, multiplanar speed. Introduce structured sprint-to-stop mechanics for safe high-speed basketball cuts.

U14 Crossover Run To Closeout - 9 min, medium, multiplanar speed, defense. Teach players to cover ground laterally, turn the hips, and arrive in a controllable closeout.

U14 Hip Turn Reaction - 8 min, medium, movement prep, multiplanar speed, defense. Train efficient hip turns from backpedal or shuffle into a sprint recovery.

U14 Single-Leg Strength Circuit - 10 min, medium, strength conditioning. Build single-leg control and trunk stiffness for safer cuts, stops, and finishes.

U14 Core Stiffness Holds - 8 min, low, strength conditioning, recovery. Teach athletes to brace and resist rotation without long fatigue-based holds.

U14 Small-Sided Conditioning - 10 min, high, conditioning, small sided games. Condition through basketball decisions instead of empty running volume.

U16 drills (24)

Change Pace Attack Cones - 12 min, medium, ball handling. Train slow-to-fast rhythm so players create advantages without needing extra moves.

Finishing Through Contact Pads - 12 min, high, finishing. Develop strong, legal finishes through controlled contact without sacrificing footwork.

Drift Pass Drive And Kick - 12 min, medium, passing. Teach corner drift timing and drive-and-kick passing against help.

Slot Cut Read - 10 min, medium, decision making. Teach slot players to cut, hold, or replace based on defender position.

Closeout Read 1v1 - 12 min, high, decision making. Connect offensive catch decisions to defender speed, angle, and hand position.

Pick-And-Roll Pocket Read Intro - 14 min, medium, team concepts. Introduce the pocket pass read when the screen defender steps up to stop the ball.

3v2 Continuous Advantage - 14 min, high, decision making. Develop pace, spacing, and quick decisions in repeated transition advantages.

Shell Defense 4v4 No Paint Touch - 14 min, high, team concepts, defense. Build connected help, stunt, closeout, and gap habits with a clear defensive constraint.

Spain Action Walkthrough - 14 min, low, team concepts. Introduce a pro-level ball screen action with a back screen on the roller and clear spacing.

Transition Fill The Lanes - 12 min, medium, team concepts, conditioning. Teach players to sprint wide, organize early offense, and create simple transition spacing.

NBA-Style Footwork Shooting Series - 16 min, high, shooting. Train advanced trainer-standard footwork patterns: hop, 1-2, drift, and turn catches.

Relocation Shooting Off Drive - 14 min, medium, shooting. Train shooters to move with the driver and create clean kickout windows.

Veer Finish And Euro Read - 14 min, high, finishing. Train advanced finish selection when a defender rides the drive line or steps across the lane.

Ball Screen Snake Read - 16 min, high, decision making. Teach the ball handler to snake back across the screen defender and control the middle.

Reject Screen Attack - 14 min, high, decision making. Train the ball handler to reject a screen when the on-ball defender overplays the screen side.

Weak-Side Shake Decision - 14 min, medium, decision making. Teach the weak-side shooter to shake behind help when the low defender tags the roll.

4v4 Advantage Constraints - 16 min, high, team concepts. Create game-speed decisions by giving offense a temporary advantage and defense a recovery goal.

X-Out Defensive Rotation - 14 min, high, defense. Teach two defenders to cover corner and wing after a drive-and-kick scramble.

Transition Conversion Defense - 16 min, high, team concepts, conditioning. Train players to convert from offense to defense, stop the ball, protect the rim, and match shooters.

Late Clock 1v1/2v2 Decision Game - 14 min, high, decision making. Train efficient shot creation and pass decisions under a short clock.

Closeout To Boxout Chain - 12 min, medium, defense. Link the closeout, contest, contact, and rebound into one defensive habit chain.

5-Spot Shooting Standards - 15 min, medium, shooting. Create measurable shooting accountability from five core perimeter locations.

Two-Ball Pressure Handle - 12 min, medium, ball handling. Challenge hand independence and posture under ball-control pressure.

Small-Sided Games King Of The Court - 12 min, medium, small sided games, decision making. Use short competitive games to transfer skills into decisions while keeping players engaged.

High School / Elite drills (33)

Change Pace Attack Cones - 12 min, medium, ball handling. Train slow-to-fast rhythm so players create advantages without needing extra moves.

Finishing Through Contact Pads - 12 min, high, finishing. Develop strong, legal finishes through controlled contact without sacrificing footwork.

Drift Pass Drive And Kick - 12 min, medium, passing. Teach corner drift timing and drive-and-kick passing against help.

Closeout Read 1v1 - 12 min, high, decision making. Connect offensive catch decisions to defender speed, angle, and hand position.

Pick-And-Roll Pocket Read Intro - 14 min, medium, team concepts. Introduce the pocket pass read when the screen defender steps up to stop the ball.

3v2 Continuous Advantage - 14 min, high, decision making. Develop pace, spacing, and quick decisions in repeated transition advantages.

Shell Defense 4v4 No Paint Touch - 14 min, high, team concepts, defense. Build connected help, stunt, closeout, and gap habits with a clear defensive constraint.

Spain Action Walkthrough - 14 min, low, team concepts. Introduce a pro-level ball screen action with a back screen on the roller and clear spacing.

NBA-Style Footwork Shooting Series - 16 min, high, shooting. Train advanced trainer-standard footwork patterns: hop, 1-2, drift, and turn catches.

Relocation Shooting Off Drive - 14 min, medium, shooting. Train shooters to move with the driver and create clean kickout windows.

Veer Finish And Euro Read - 14 min, high, finishing. Train advanced finish selection when a defender rides the drive line or steps across the lane.

Ball Screen Snake Read - 16 min, high, decision making. Teach the ball handler to snake back across the screen defender and control the middle.

Reject Screen Attack - 14 min, high, decision making. Train the ball handler to reject a screen when the on-ball defender overplays the screen side.

Weak-Side Shake Decision - 14 min, medium, decision making. Teach the weak-side shooter to shake behind help when the low defender tags the roll.

4v4 Advantage Constraints - 16 min, high, team concepts. Create game-speed decisions by giving offense a temporary advantage and defense a recovery goal.

X-Out Defensive Rotation - 14 min, high, defense. Teach two defenders to cover corner and wing after a drive-and-kick scramble.

Transition Conversion Defense - 16 min, high, team concepts, conditioning. Train players to convert from offense to defense, stop the ball, protect the rim, and match shooters.

Late Clock 1v1/2v2 Decision Game - 14 min, high, decision making. Train efficient shot creation and pass decisions under a short clock.

Closeout To Boxout Chain - 12 min, medium, defense. Link the closeout, contest, contact, and rebound into one defensive habit chain.

5-Spot Shooting Standards - 15 min, medium, shooting. Create measurable shooting accountability from five core perimeter locations.

Two-Ball Pressure Handle - 12 min, medium, ball handling. Challenge hand independence and posture under ball-control pressure.

Small-Sided Games King Of The Court - 12 min, medium, small sided games, decision making. Use short competitive games to transfer skills into decisions while keeping players engaged.

U14 Crossover Run To Closeout - 9 min, medium, multiplanar speed, defense. Teach players to cover ground laterally, turn the hips, and arrive in a controllable closeout.

U14 Hip Turn Reaction - 8 min, medium, movement prep, multiplanar speed, defense. Train efficient hip turns from backpedal or shuffle into a sprint recovery.

U14 Single-Leg Strength Circuit - 10 min, medium, strength conditioning. Build single-leg control and trunk stiffness for safer cuts, stops, and finishes.

U14 Core Stiffness Holds - 8 min, low, strength conditioning, recovery. Teach athletes to brace and resist rotation without long fatigue-based holds.

U14 Small-Sided Conditioning - 10 min, high, conditioning, small sided games. Condition through basketball decisions instead of empty running volume.

Sprint-Shuffle-Backpedal Box - 10 min, high, multiplanar speed, conditioning, defense. Train elite players to change movement mode while preserving defensive posture and speed.

360 Cone Reaction - 9 min, high, multiplanar speed. Train reactive cutting in all directions with a basketball-specific stop and re-accelerate demand.

Closeout-Cut-Recover Chain - 10 min, high, multiplanar speed, defense. Link a hard closeout, contained cut, and recovery sprint into one game-speed sequence.

Reactive X-Out Footwork - 9 min, high, multiplanar speed, defense, team concepts. Prepare athletes for X-out rotations by training sprint, turn, closeout, and communication footwork.

Single-Leg Strength To Power - 12 min, medium, strength conditioning. Build controlled single-leg force production that transfers to cuts and contact finishes.

Repeat-Effort Conditioning Finisher - 10 min, high, conditioning. Condition elite players through repeated basketball actions while preserving execution standards.
